

2019-2020 SEASON

Destination Imagination is a creative problem solving program which empowers students to think, build, perform and collaborate with adult supervision, but without adult interference. Each year the challenges incorporate engineering, technology, and the visual and performing arts. (See reverse for more info!)

- DI is open to all RSI 3rd, 4th and 5th grade students.
- Applications are available on September 3rd in the RSI office and are due by September 13th.
- Space available will be determined by the number of volunteer coaches. We need parents to run the program! Meeting times will be determined once team managers are in place.
- If your child is placed on a team, the cost this year will be \$50 per student and some snack donations.
- If you are interested in coaching or have any questions please contact Karma Unverzagt at karma_unverzagt@rdale.org.
- For more information about the program and to see this year's challenge previews go to destinationimagination.org.
