

Who are Our Neighbors?

Our communities are always changing as new immigrants arrive bringing with them new foods, languages, and traditions. With each wave of immigration, our communities have only grown stronger and more diverse. In these monthly sessions, you will have the opportunity to increase your understanding of a local immigrant culture which is part of the fabric of our community. This series is provided as a collaboration between Robbinsdale Area Schools Community Education and Achievement and Integration, Careers and Colleges.

What Does it Mean to be a Latino in America?

We start our series during Hispanic Heritage Month by exploring the diverse experiences and challenging issues facing Latinos in America. Celebrate the history, culture and contributions of those whose ancestors came from Spain, Mexico, the Caribbean, and Central and South America.
